

Mastery Pursuit Plan

<p>Name some people that you admire for how well they execute their craft – whatever that craft is?</p> <p><i>(Pick two or three names in different fields)</i></p>	
<p>What is it, you believe, that makes them particularly good at what they do?</p> <p><i>(Are there things you can read or research to find out more?)</i></p>	
<p>Are there any analogous aspects of your own work that might benefit from this insight?</p> <p><i>(Be creative here if you really want to see parallels)</i></p>	
<p>If they were to understand your role, what advice do you think they might give you for getting better at it?</p> <p><i>(Imagine that you are in a conversation with them)</i></p>	
<p>What do you plan to do about this?</p> <p><i>(What small simple steps can you take to move this forward and when will you take them?)</i></p>	
<p>How will you know if you are making progress? When will you check?</p> <p><i>(Are there some simple clear indicators of whether you are improving?)</i></p>
